

DELUXE JUNIOR

Travelling Irrigator

WILLIAMS

Our reputation is spreading

The Williams Deluxe Junior Irrigator is a shorter armed version of the Spider Deluxe. This irrigator is specifically designed for smaller sized farms with lower powered pumps (5.0-7.5hp). If at a later date a larger pump is installed, extensions can be bolted into the arms to convert your Deluxe Junior to a Spider Deluxe. The Deluxe Junior comes standard with 200m of stainless steel wire.

FEATURES

6mm minimum application depth	Distribution uniformity of less than 1.25
4 travel speeds	Suitable for electric and PTO pumps
Even spread with new arm design	Travel distance up to 200 metres
Available with multi strand stainless steel winch rope 200m of 4mm wire rope	NZ Designed and Manufactured
Drags up to 63mm alkathene	Neat and tidy, easy to use
